

GAME: WORDS

All participants

10 min

Divide the participants into three or four small groups.
Write the word FEARLESS on the flipchart.

The groups have 5 minutes to create as many 4-letter words as possible from the word FEARLESS. For example, some of the words could be: FEEL, FREE, SEER, etc.
After their time is gone, the groups present their words and the one with the most words wins.

The game will serve the purpose to bring the participants concentration level back after the lunch break.
