- 1. Did your role play changed anything in your perception of the interview?*
- 2. What role has been more useful to you, the role of a candidate or an employer?*
- 3. Which role was more challenging, of a candidate or of an employer? Why?*
- 4. What did you learn from this role play?*
- 5. How did you use the elevator statement?*
- 6. How did you use the story-telling technique?*
- 7. Which questions you found most difficult at interview and why?*
